PARTNERSHIP MODELS

01

White-Label Development

Complete project delivery under your agency's brand. Our engineering team handles the full technical execution — invisibly.

02

Dedicated Engineering Teams

Scale delivery capacity instantly with experienced AI engineers, software developers, and product specialists.

03

Technical Delivery Partner

From architecture to deployment and maintenance — your trusted backend technology partner for every engagement.

04

AI Transformation Partner

Help your clients adopt practical AI solutions without the cost or complexity of building an internal AI team.

We don't compete with agencies. We empower them.

Optivra integrates seamlessly as an extension of your team — maintaining full confidentiality, enterprise-grade quality, and consistent delivery standards across every engagement.

- **Zero Conflict of Interest** — We never approach your clients directly — ever
- **Full Confidentiality** — NDA signed before every engagement begins
- **Enterprise-Grade Standards** — Fortune 500-level engineering on every project
- **Long-Term Strategic Value** — Built for growth, not one-off transactions
